Be Active.

Don't let the heat keep you from doing what you love! Pre-cooling, post-cooling and cooling during activity can help people with MS beat the heat!

CYCLING

"I recently got diagnosed with MS and I am a very active person who lives in a very warm tropical environment. I love to cycle but the MS was making it hard, until I got the Kool Max® Neck and Upper Spine Wrap. It does an amazing job cooling me down and the symptoms that I experienced went down by half. Combined with riding early morning, I don't feel anything and I ride about 30 miles. I'm so happy with the product."

- Yajaira in Key West, Florida

ROLLER DERBY

"I tried out my cooling vest at roller derby practice today. It worked fabulously! Multiple sclerosis tried to get me off my skates, but Polar Products got me back on the track. Thank you!"

- Crystal in Canada

BOWLING

"I love the Polar Kool Max® vest. I have had MS for many years and I love to bowl. I now wear this vest while bowling and it works great."

- Eunice in Mesa, AZ

Cooling Program for Kids

Heat-sensitivity is a difficult symptom for an active child with MS. Last summer we successfully launched our Cool Kids® line of vests and accessories designed just for children.

See our "Beat the Heat" brochure for product details.

NEW! The Multiple Sclerosis Association of America (MSAA) now offers a cooling program for children! Families who meet the financial eligibility guidelines can receive a Cool Kids® vest and a cooling neck wrap at no cost.

For more information, call MSAA at 1.800. 532.7667 or visit www.mysaa.org.
