VA Hospitals Supply Polar Products Cooling Systems for Veterans

Polar Products is a proud supplier to VA Hospitals and MS Centers of Excellence nationwide. Our body cooling garments are used by veterans with multiple sclerosis, amputees, and others with heat-sensitive medical conditions.

"I'm an amputee and this Kool Max® Torso Vest is keeping my body temperature stable to help with my blood pressure. It has been a Godsend." – Darlene in Pennsylvania

"I have the Polar Cooling Seat Cushion and use it on my scooter. This cooling seat has truly improved my quality of life! I now can do things with the kids I could not before. Recently we visited the zoo and spent several hours there. By lunch, everyone else was wilting from the heat but my cooling seat kept me cool and feeling good. Great product!" – Cheryl in Pennsylvania

Surgical Cooling

We offer a full line of cooling vests and accessories to keep all members of the OR staff comfortably cool and focused when the operating room temperature is heated to AORN and Joint Commission recommendations!

Our CoolOR® circulating water system is designed specifically for operating rooms and used by staff in VA Hospitals nationwide.

We offer a 45-day Free Trial Program of the CoolOR® System!

"My recovery from dual knee surgeries would have taken considerably longer without this unit [#AIST-D]. This is indispensable for anyone recovering from this type of trauma. If you can manage the inflammation, you can better manage your recovery."
– Steven in Ohio
