

Testimonials

Read what our customers have to say about their cooling vests:

"I work at a busy airport refueling aircraft. My job requires me to be in the heat all day with temperatures in the high 90's most of the summer. If I don't wear my Kool Max® Zipper Front Vest I get the lightheaded and start to feel the onset of heat exhaustion after an hour. The vest is a lifesaver for me."
Ryan in California

"I live in South Texas and work on a dude ranch leading trail rides. Some friends gave me a Polar Cool58® Phase Change Cooling Vest. I now ride in blissful comfort. You should see people's faces when I let them try it on. This vest is one of the most useful gifts I have ever received."
Tom in Texas

"This is my third year using the Kool Max® Industrial Vest. It provides the cooling relief needed while working in a hot factory."
Lawrence in Michigan

"Thank you so much for the Kool Max® Vest. I'm now able to take long walks and work in my yard without getting heat exhaustion. I feel like my old self again."
J. in Texas

"I live in Yuma, the sunniest city in the world, in the arid desert. Summers are brutal. This Cool58® vest has given me freedom to go outdoors."
Mary in Arizona

Also available from POLAR Products: Hot & Cold Therapy for Pain Management

Active Ice®

Circulating Cold Water Therapy System

Easy to use for post-surgery recovery for hips, knees, shoulders, back and more.

Soft Ice®

Cold/Hot Packs and Compression Wraps

Packs are soft and flexible when frozen and fit in pockets inside the compression wraps.

Thera-Temp®

Microwaveable Moist Heat Therapy Wraps

Professional-quality wraps provide deep-penetrating moist heat therapy for relief of chronic pain.

Cool Flow®

Cold Water Head Cap

Provides effective cold therapy to the head by continuously circulating cool water throughout the cap.

POLAR Products Body Cooling Product Guide

You are unique

There is no "one size fits all" choice for body cooling.

Polar Products manufactures every major type of personal cooling technology for athletes, industrial workers and anyone affected by the heat.

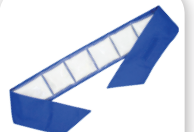

Kool Max®

- Frozen water-based cooling packs fit into pockets in vests and accessories.
- Highest level of cooling for up to 3-4 hours in any climate.
- Reusable packs require access to a freezer and time to freeze.

Cool58®

- Reusable phase change cooling packs freeze at 58 degrees Fahrenheit and provide comfortable cooling at a constant 58 degrees Fahrenheit for up to 1.5-3 hours.
- Can be charged in a bucket of ice water. Ideal choice when freezers are not available.

Cool Comfort®

- Submerge in water to activate cooling.
- Natural evaporative cooling in low humidity.
- Gain additional cooling by chilling or freezing the activated garment.

Polar Products Inc. is a family-owned company with over 30 years experience manufacturing high-quality, effective and affordable body cooling systems and hot/cold therapy products.
