

# Testimonials

what people with MS are saying

"I've got MS and used to be confined indoors during the summer. For two years now, this Kool Max Poncho Vest has allowed me to coach my son's youth football team in Texas, when the temperature is consistently over 100 degrees! Excellent product and I highly recommend it for anyone with heat-sensitivity who wants to get their life back!"  
Tom in Austin, TX

"I have MS and when I get overheated, I can't see. This Kool Max Zipper Vest really helps! I wear it everywhere."  
Carol in Burbank, CA

"My Kool Max Cooling Vest has changed my life. I was unaware of what a half point increase in body temperature did to bring on my MS symptoms (fatigue and cognition). Simple things like blow drying my hair, washing a few dishes, or ironing clothes would make me miserable and almost daily ruin my plans. I decided to invest in a Kool Max Vest and my life is forever changed!"  
P.Y. in Houston, TX

"The water-activated cooling hat and neck wrap are fantastic! I went kayaking recently... despite my MS, I was comfortable & able to paddle for 2 hours. These wraps enable me to do the things I love without the incapacitating heat sensitivity."  
Patricia, RN, BSN, MSCN in Akron, OH

"Since getting my Kool Max Fashion Vest I have been able to get out and walk and ride the exercise bike without the usual backlash of flaring symptoms due to MS."  
Lynda in Charlotte, NC

# POLAR Products MS & Cooling A Product Guide

## You are unique

"Which type of cooling is best for me?"

Each person's MS is different and there is no "one size fits all" choice for body cooling. Polar Products specializes in offering every type of personal cooling technology.

Give us a call at **1.800.763.8423** and we will be happy to help you decide which type of cooling is best for your individual needs.

### Kool Max® Water-Based Cooling Packs

- Provide the highest level of cooling in any environment for up to 3-4 hours.
- Reusable packs require access to a freezer and time to freeze.
- **#1 choice for people with MS!**

### Cool58® Phase Change Cooling Packs

- Reusable packs freeze at 58 degrees Fahrenheit and provide comfortable cooling at a constant 58 degrees Fahrenheit for up to 1.5-3 hours.
- Can be charged in a bucket of ice water. Ideal choice when freezers are not available.

### Cool Comfort® Water-Activated Hybrid

- Submerge in water to activate cooling.
- Natural evaporative cooling in low humidity.
- Gain additional cooling by chilling or freezing the activated garment.

Polar Products Inc. is a family-owned company with 30 years of experience manufacturing high-quality, effective and affordable body cooling systems and hot/cold therapy products.
