

WHAT PEOPLE ARE SAYING ABOUT OUR COOLING PRODUCTS

"Your cooling vests are amazing. I have RA and take Methotrexate, and as a result I am very heat intolerant. I received my vest last week and was able to be outside in 100-degree heat for two hours and didn't over heat! Thank you for making these life changing products." - Holli in California

"I live in South Texas and work on a dude ranch leading trail rides. Some friends gave me a Polar Cool58® Phase Change Cooling Vest. I now ride in blissful comfort. You should see people's faces when I let them try it on. This vest is one of the most useful gifts I have ever received." - Tom in Texas

"This is my third year using the Kool Max® Industrial Vest. It provides the cooling relief needed while working in a hot factory." - Lawrence in Michigan

"I use my Cool Comfort® vest under my blazer at horse shows where I am required to wear boots, breeches, helmet, gloves, etc. while riding a hot horse in extreme heat. It is a godsend, and I highly recommend it."

- Nichola in British Columbia

BODY COOLING SOLUTIONS FOR COOLING EVERY BODY®

YOU ARE UNIQUE.

THERE IS NO "ONE SIZE FITS ALL" FOR BODY COOLING

Polar Products manufactures every major type of personal cooling technology for athletes, industrial workers and anyone affected by the heat.

KOOL MAX®

Reusable, frozen water-based cooling packs fit into pockets in vests and accessories. Highest level of cooling for up to 3-4 hours in any climate. Reusable packs require access to a freezer and time to freeze.

COOL58®

Reusable, phase change cooling packs fully-charge (freeze hard) at 58°F and provide comfortable cooling at a constant 58°F for up to 1.5-3 hours. Can be charged in a container of ice water; ideal choice when freezers are not available.

COOL COMFORT®

Submerge in water to activate cooling. Natural evaporative cooling in low humidity. Gain additional cooling by chilling or freezing the activated garment.

Give us a call at 800.763.8423 and we'll be happy to help you decide which type of cooling is best for your individual needs.

"One of the worst things about having MS is feeling like a prisoner to the AC in the summertime. I am very active in bike riding, gardening, etc and it's all thanks to this vest! I'm even doing housework in it. Love love love it!"

- Becky in Illinois
