

THE POLAR DIFFERENCE

WHY YOU SHOULD CHOOSE THE
ACTIVE ICE® 3.0 SYSTEM:

PROGRAMMABLE TIMER & TEMPERATURE FLOW CONTROL

A critical safety feature - our timer allows you to set custom cold therapy “on” and “off” duration cycles. The timer also allows you to modify the flow of the water, modifying the temperature.

LARGE COOLING RESERVOIRS

Our standard 9-Quart and 16-Quart upgrade are the largest cooling reservoirs on the market! This allows for longer-lasting cold therapy and will get you through the night, if needed. Our systems hold frozen water bottles, which can be used instead of ice. Less mess, more convenience!

WHISPER QUIET, HIGH-EFFICIENCY PUMP

continuously circulates cold water through five feet of insulated tubing and the therapy pad.

BODY-PART SPECIFIC AND UNIVERSAL COLD THERAPY PADS provide excellent coverage and maximum cold therapy to the target body part.

ADDITIONAL UPGRADES include a Lithium-ion battery pack and adjustable temperature flow control.

ACTIVE ICE® DOUBLE SYSTEMS AVAILABLE!

Our 9-quart and 16-quart systems can be customized to offer convenient cold therapy to two parts of the body simultaneously!

#AIS3.0-9-D-KB

DUAL THERAPY PAD CONNECTER (#AISY)

Already have a system? You can purchase the #AISY along with any other therapy pad to make it a double!

“Your product was an integral part of my recovery from double knee surgery. I had torn both of my quad tendons from the bone as a result of an accident. The inflammation was unbelievable! In the absence of the Active Ice® System, I do not believe that my overall recovery would have been as successful.”

- Gloria in SC

UNIVERSAL & BODY-PART SPECIFIC THERAPY PADS

Every Active Ice® 3.0 System includes your choice of a universal or body-part specific therapy pad. Our cold therapy pads provide excellent coverage of the affected area. Included and/or attached elastic and Velcro belts provide comfortable compression while the insulated outer fabric directs maximum cold therapy towards the body.

EXTENDED
COVERAGE
HIP (#HP)

"After my total hip replacement, this product was so helpful with my pain relief. I used the ice bottles so I didn't have to empty the cooler every day."

- Lisa in Arizona

HEAD & FACE

FACE
(#FMB)

HEAD CAP
(#HC)

EXTENDED HEAD
CAP (#HCL)

"I absolutely love this head cap and would recommend it to anyone suffering from frequent migraines."

- Heather in FL

SHOULDER

#AIS3.0-9-SB

SHOULDER
(#SB)

"I bought this for my husband's upcoming surgery. He isn't a fan of pills and pain medication. This was a blessing and a godsend to aid in his pain management and recovery..."

- Kelly in Florida

HAND & WRIST

HAND & WRIST
(#HWP)

"I would highly recommend this for anyone who is having surgery or needs cold therapy. It's been very helpful at keeping the swelling down."

- Christine in Florida

BLANKET

"This product is indispensable when you have an injury that requires icing. Especially after surgery and with limited mobility. It's crazy that patients are sent home without one of these."

- Robert in Ohio
