

Choosing The Ideal Cooling Vest

1) Which reusable cooling pack should you choose?

Kool Max®

Water-based Cooling Packs require a freezer and offer the highest level of cooling in any environment for up to 3-4 hours.

Cool58®

Phase Change Cooling Packs freeze at 58° F and cool at a constant 58° F for up to 2-3 hours. Ideal choice when freezers are not available; can be charged in ice water or refrigerator.

2) Which style of vest would you prefer?

Adjustable Vests

This cooling vest has adjustable hook and loop straps at the chest, waist and shoulders for a snug, comfortable and customized fit.

Adjustable Vests come with **small** and **large** pack sizes

Small Packs

Adjustable Vests with 8-12 packs allow for greater flexibility in weight and cooling location. The amount of packs is based on the size of the vest. The pack size is 4.5" x 6".

Large Packs

Adjustable Vests with 4 strip packs (Approximately 6" x 15" each) allow for extended cooling and convenience in changing out the packs.

Fitted Fashion Vests

With 5-10 packs (4.5" x 6") have a clean look with no adjustments and are designed to minimize weight. Can be worn over or under clothing. The Fashion vests come in 97% cotton and 3% spandex fabric. Nylon is not available in this style.

Women's Fashion Vests

The women's vest comes in black, khaki, light blue, and pink colors. Pack placement depends on the size of the vest. There are two outside side pockets.

Men's Fashion Vests

The men's vest comes in the colors black and khaki. Pack placement depends on the size of the vest. There are two outside side pockets. From small to 4XL.

*"I am an R.N. working in a surgery center where we do a lot of pain management procedures using live x-ray. It requires wearing protective lead gear. It gets unbearably hot. I got this vest a few months ago. **It has been worth every penny.** Most of my packs are at least partially frozen after 3-4 hours depending on the location in the vest. Now I need another one for working outside at home!"*

-Ellen in Colorado

3) Which fabric would you prefer?

- Cotton - Light weight and breathable 100% cotton twill.
- Nylon - 100% 2 ply soft breathable. Easy-clean Nylon. Can be wiped down.

Cotton

Nylon

Adjustable Vest

The Adjustable Vest is available in both types of fabric. The Nylon fabric is only available in blue.

Fashion Vest

The Fashion Vest is only available in cotton.

"We love the new Nylon cooling vest! We really like the new material that allows the vest to be wiped down. We will be ordering more."

-Darrel in Georgia
