POLAR Products

The leading worldwide manufacturer
of body cooling systems since 1984
GSA Contract # V797P-4536a

POLAR Products A Note from our President

Welcome to Polar Products Inc. We are a family-owned and operated business specializing in the design and manufacture of innovative, high-quality and competitively priced body cooling systems.

Polar Products has over 25 years of experience cooling people in diverse applications, including industrial safety, construction, emergency services, athletics, fitness, the military and people with medical heat-sensitivity. We are proud to manufacture the most comprehensive and complete line of body cooling products in the world.

In addition to our excellent products, it is our mission to ensure complete customer satisfaction. At Polar, we believe that the best measure of our success is the loyalty of our customers. We appreciate the trust they place in us and we are committed to always maintaining that trust.

With warmest regards,

William S. Graessle · President and CEO · Polar Products, Inc.

Types of cooling products

Kool Max®

Frozen water-based cooling packs fit into insulated pockets in vests and accessories.

- Will cool for up to 3-4 hours in any climate
- Discreet – can be worn beneath clothes
- Most cost-effective cooling
- Requires access to freezer

Cool Comfort®

Hybrid technology combines the advantages of frozen water-based and water-activated cooling.

- Will cool for many hours when activated with water
- Can be frozen for a higher level of cooling for up to 2 hours in any climate
- May be worn beneath clothes

Cool 58™

Cooling packs freeze at a moderate temperature of 58° F and cool at this constant temperature.

- Freezer optional. Can be activated in ice water or the refrigerator
- Will cool for up to 2-3 hours in any climate
- Less cooling energy than Kool Max®

Cool Flow®	Circulating Cold Water System —————pg 9
Quick Cool™	Soft Frozen Packs for Short-term Cooling —————pg 10
Evaporative	Water-Activated Cooling —————pg 10

Solutions for Cooling Every Body!®

Cool Flow®

Ice water is pumped from a cooling reservoir through insulated water lines sewn into vests and accessories.

- High-end core body cooling system
- System requires power and vest is tethered to a cooler.

Quick Cool™

Stays soft and flexible when frozen for short-term cooling.

- Ideal for pre-cooling or post-cooling before, during and after activity
- Offers up to half an hour of cooling relief

Evaporative

Garments are designed to be briefly soaked in water, causing a natural cooling effect as it evaporates.

- Inexpensive and lightweight
- Will cool for hours on low-humidity days and in dry climates
- Less effective in higher humidity

Lightweight and efficient cooling packs will cool the body for up to 3-4 hours in any environment. If you have a freezer available, this is the most cost-effective cooling option. Simply place the packs in a freezer until frozen and insert into the insulated pockets in the vests and wraps.

A. KOOL MAX® ZIPPER FRONT VEST #KMVZ
Our best-selling cooling vest. Can be worn over or under clothes. Unisex. Adjustable sizing at shoulders, chest and waist. Weighs 3.5 - 5.5 lbs. Includes eight to twelve 4.5" x 6" cooling packs. Khaki or Blue. Sizes: S/M, M/L, L/XL, XXL

E. KOOL MAX® SLIM TORSO VEST #KMVTS
Ideal for discreet use beneath mascot costumes. Unisex. Lightweight and very discreet. Elastic straps on sides offer a comfortable "one size fits most" fit. Includes six 4.5" x 6" cooling packs. Black.

F. KOOL MAX® TORSO VEST #KMVT
Unisex. Discreet beneath clothes. Elastic straps on sides offer a comfortable "one size fits most" fit. Includes six 4.5" x 12" cooling packs. Black.

A. KOOL MAX® NECK AND UPPER SPINE WRAP #KMNCEX
Cooling the arteries in the upper spine provides additional relief! Includes three 3" x 9" cooling packs and one 4.5" x 7" cooling pack. Insulated fabric. Hook and loop closure in front. Khaki or Black.

B. KOOL MAX® NECK WRAP #KMNC
Includes three 3" x 9" cooling packs. Insulated fabric. Hook and loop closure in front. Khaki or Black.

C. KOOL MAX® DELUXE NECK TIE #DNB-KM
NEW! Includes one 3" x 18" segmented cooling pack. Ties for comfortable fit. 100% cotton. Khaki, Black or Blue.

D. KOOL MAX® ANKLE WRAPS #KMA
Keep your lower legs cool! Universal design fits left or right ankle or foot. Each with two 3" x 6" cooling packs. Insulated fabric. Khaki or Black.

E. KOOL MAX® WRIST WRAPS #KMW
Universal design fits left or right wrist. Each with one 3" x 6" pack. Insulated fabric. Khaki or Black.

F. SOFT ICE® COOLING PILLOW CASE #SIPC
Soft, comfortable cooling for the head and neck. Includes two 6" x 12" Soft Ice® cooling packs. Cooling packs stay soft and flexible when frozen. 100% cotton. White.

G. KOOL MAX® SEAT CUSHION #KMSP
Can be used as seat or back in wheelchairs, vehicles, etc. Includes four 3" x 14" cooling packs. Insulated cushion. 14" x 16". Black.

*"I highly recommend the Kool Max® vest for anyone with heat sensitivity who wants to get their life back!"
Tom in Austin, TX*

SAVE MONEY

WITH OUR COOLING KITS

All kits include an extra set of cooling packs for each product. Keep the extra packs in the freezer or a cooler so they are ready when you need them.

A. COOLFIT® KIT #CFK
Live well, be fit and stay cool! Includes a deluxe neck tie, pairs of wrist and ankle wraps and a lightweight Secrets Vest for cooling before, during and after activity.

B. SECRETS KIT #SK
Fashionable and discreet... no one will know you are wearing cooling products! Includes a Quick Cool™ Scarf, a pair of 58° Bra Coolers and a Secrets Vest.

C. KOOL MAX® Vest KIT #KMVZS
Includes your choice of Zipper or Poncho vest, a neck wrap and a pair of wrist wraps.

Cool Comfort®

Our innovative new hybrid cooling system combines the efficient cooling power of evaporation with the direct cooling of chilled or frozen water. Simply submerge in water, gently wring out, allow the garment to dry to the touch and you're ready to go! The special water-absorbing crystals hold the temperature of the water an extended period of time. Water causes a natural cooling effect as it evaporates, providing many hours of cooling relief.

To use as frozen water-based cooling: After allowing the garment to dry to the touch, place in the freezer for additional cooling energy for up to 2 hours in any climate.

A. COOL COMFORT® DELUXE SPORTS VEST #CCSV

Sporty unisex design with a slight stretch for a comfortable fit. Strategically placed cooling strips in the front and back. Blue or Khaki. Sizes S – XXXL.

B. COOL COMFORT® HIDDEN VEST #CCHV

Ideal for discreet cooling beneath clothes! Hook and loop tabs on the front and sides allow for an adjustable, slim fit. Racerback style with additional cooling coverage down the back. Light Khaki. Sizes S – XXL.

C. COOL COMFORT® NECK & UPPER SPINE WRAP #CCNBX

Cools the major arteries of the neck and upper spine. Hook and loop closure tab in front. Blue or Khaki. One size.

D. COOL COMFORT® NECK BAND #CCNB

Ties for a comfortable fit. Blue, Khaki, Orange or Pink. One size.

E. COOL COMFORT® WRIST WRAPS #CCW

Pair of cooling wraps secure comfortably around the wrists with hook and loop closure tabs. Blue or Khaki. One size.

F. COOL COMFORT® ANKLE WRAPS #CCA

Pair of cooling wraps secure comfortably around the ankle or feet with hook and loop closure tabs. Blue or Khaki. One size.

SAVE MONEY WITH OUR COOLING KITS
